

eGlobal Selected by Avendra and Sage Hospitality to be a Preferred ATM Supplier

Kaysville, UT, September 27, 2013—eGlobal, one of North America's leading providers of ATM services for the hospitality industry, today announced a renewed 4-year partnership with Avendra to be a preferred supplier of ATM services to Avendra's customers.

"We are grateful for our ongoing relationship with Avendra. Both companies have collaborated very closely over the last several years to develop and deliver an ATM solution that is unparalleled in service quality, revenue share, and property cash infusion into this important travel and hospitality industry. We look forward to continuing our partnership through our joint sales & marketing efforts," said Jeff Matthews, president of eGlobal.

Though eGlobal has been a preferred supplier of ATM services for Avendra for several years, this agreement represents an enhanced program for Avendra's customers and reduces the number of preferred suppliers in the ATM services segment, making Avendra's support for this offering clear.

As an endorsement of this program, Sage Hospitality (Denver, CO), also an Avendra customer, recently adopted the Avendra offering and is in the process of transitioning their properties over to eGlobal. "eGlobal demonstrated an ability to service our properties in a unique way. Properties will realize the best level of service, professionalism, and a revenue generation model that is higher than other programs we considered. We commend the Avendra and eGlobal team for their partnership," remarks Courteney Fisher, Senior Vice President, Operations Finance and Accounting with Sage.

Sally Martin, Vice President, Strategic Contracting at Avendra, commented, "We are pleased to continue our partnership with eGlobal in providing ATM placement services to Avendra customers. eGlobal has demonstrated their commitment to delivering high quality services and outstanding customer support, and we look forward to working with them in the future to strengthen the value of this program offering."

About eGlobal

eGlobal (www.eGlobal.com) is one of North America's largest providers of ATM services to hospitality, retail, and convenience industries. eGlobal deploys more ATMs than most banks and maintains one of the leading ATM uptime rates at over 99%. eGlobal has been an Avendra approved supplier of ATM services for several years and services 4 out of the 5 leading hospitality companies in the industry.

About Avendra

Avendra is North America's leading procurement services provider serving hospitality-related industries. Avendra customers gain access to contracts leveraging \$3 billion of annual purchases, expert advisory services and in-depth purchasing data and analysis.
